I. Purpose

The Senate has ordered an out-of-cycle report from all provincial governors with the issue of *Senatus consultum de prorogatione et de relatione praesidum provinciarum*. Governors are normally required to report before the Kal. Feb. of each year under *Senatus consultum de relationibus praesidum provinciarum*.

Previous provincial reports are available on the Nova Roma province website:

[www.novaroma.org/nr/Provincia Australia - Praetorium \(Nova Roma\)](http://www.novaroma.org/nr/Provincia%20Australia%20-%20Praetorium%20(Nova%20Roma))

II. Current Citizen Status & Activity

i. OVERVIEW

Over the last two reporting cycles, Provincia Australia has continued to struggle to generate physical meetings or generate initiative among other citizens. Despite a large number of registered citizens, many would be considered inactive. Citizens are provided email updates and newsletters, approximately quarterly, on news, events and initiatives but this has also generated little to no interest.

Although Nova Roma maintains two Allied legions, the few citizens in those legions who possess the *cives optimo iure* do not participate in Nova Roman led activities or society. Relations are maintained with these legions primarily through the governor paying for individual membership in their incorporations.

The province has recently received some good public publicity. With a recent advertising campaign in Canberra, A.C.T. local media sought interviews with the governor. This resulted in two local radio interviews and two local newspaper articles featuring Nova Roma and the local chapter. Links can be found here:

III. Province Status Evaluation

i. EVALUATION SUMMARY

In accordance with *Senatus consultum de provinciis ordinandis*, provinces are evaluated for ongoing efficacy. As the *senatus consultum* was brought into effect on a.d. VIII Id. Oct. Q. Arrio P. Annaeo cos. there has now been four applicable reporting years based on the reporting requirements of *Senatus consultum de relationibus praesidum provinciarum*.

Aligning to the February reporting cycle of the *Senatus consultum de relationibus praesidum provinciarum*, all previous reporting combined documents that Provincia Australia has now obtained **four of a maximum five consecutive ‘Unsatisfactory’** ratings allowable in a five-year period. If the province does not obtain an ‘Active’ status before the Kalends of February of 2778, the province will be automatically dissolved in accordance with III.B.2 of the *Senatus consultum de provinciis ordinandis*.

As per the *senatus consultum* this report contains two reporting cycles:
