Ongoing projects

Our members are involved as associated partners and consultants into the significant Erasmus + project – S.P.Q.R – School and People of Europe. The essence of this project is creation of educational interactive materials for students, to promote Roman culture and history through reenactment activities and virtual reality. The project will rewind the historical events leading to the contemporary European civilization values and the role of the heritage of the Roman empire. In this project and other members and groups from Nova Roma Hungary, Austria and Romania are involved.

Bene Valete!

A. Vitellius Celsus
